

KOGANTI SAI SIVARAMA KRISHNA

saik31188@gmail.com | +91 6309624318 | LinkedIn: linkedin.com/in/sai-koganti-b79971290

Professional Summary

Results-driven Computer Science student (B.Tech CSE, CGPA 9.37) with hands-on experience in Core Java,python, Spring Boot, MERN stack, and MySQL. Skilled in developing scalable full-stack applications, and object-oriented solutions. Strong foundation in data structures, problem-solving , with proven ability to deliver impactful projects. Certified in Core Java with strong interest in backend development.

Technical Skills

Programming: Core Java, Python, JavaScript, SQL
Frameworks & Tools: Spring Boot, React.js, Git/GitHub.
Databases: MySQL, MongoDB
Web Technologies: HTML5, CSS3, JavaScript (ES6)
Concepts: OOP, Data Structures & Algorithms
Cloud & Others: AWS (Basics)

Experience

Artificial Intelligence Intern – AIMERS Jun–Jul 2024

- Built AI-powered projects including Visual Question Answering Model, Talking Parrot using Gemini API, and YOLO-based Object Detection.
- Developed Power BI dashboards for data visualization and insights.
- Gained exposure to API integration, ML model training, and deployment practices.

Projects

Car Rental System (Java OOP + Collections)

- Developed a console-based car rental application using Core Java, OOP principles, and Collections.
- Implemented booking, return process, rental charge calculation, and admin controls.
- Enhanced usability with file handling for persistent storage.

ShopEZ – Full Stack E-Commerce Portal (MERN Stack)

- Built responsive e-commerce web app with React.js, Node.js/Express, and MongoDB.
- Developed secure authentication (JWT), product management, and shopping cart features.
- Integrated REST APIs and optimized performance with modular code architecture.

Predicting Coronary Heart Disease Using LightGBM and Voting Classifier(Machine Learning)

- Built a Coronary Heart Disease Prediction Model using LightGBM and Voting Classifier.
- Performed data preprocessing and model training for accurate prediction.
- Evaluated performance using Accuracy, Precision, and Recall.

Certifications

- Infosys Springboard – Core Java (OOP, Multithreading, Exception Handling, JDBC)
- NPTEL – Industry 4.0 & Internet of Things (IoT, Cloud, Smart Manufacturing)
- HackerRank – Python, Java, CSS

Education

B.Tech – Computer Science & Engineering	2022–2026
Seshadrirao Gudlavalleru Engineering College	CGPA: 9.37
Intermediate – MPC	2020–2022
Narayana Junior College	98%
SSC	2019–2020
Sri Saraswati E.M. High School	99%

Additional Activities

- Solved 150+ problems on HackerRank and LeetCode (Java/Python)
- Peer Mentoring
- Led and coordinated multiple college-level technical projects with team of 3-5 students.
